EPA Regional Administrator Stoker:**

- * Bradley Angel, Greenaction for Health and Environmental Justice
- * Miguel Alatorre, El Pueblo Para el Aire y Agua Limpia/People for Clean Air and Water of Kettleman City
- * Ms. Margaret Gordon, West Oakland Environmental Indicators Project
- * Michelle Pierce, Bayview Hunters Point Community Advocates
- * Representative of the Wailaki Tribe from Laytonville Rancheria (we will let you know who it is,
- * Sierra Club, Igor Tregub

Issues to be addressed include:

1. Hunters Point Shipyard Superfund Site

- the need for comprehensive retesting (not just scanning) of the entire original shipyard site including parcels already transferred, and adjacent areas - with independent community oversight.

- concerns about the inadequate and outdated "remedy" identified in the Five Year Statutory Review for Parcel E/E2

2. West Oakland civil rights complaint against the Port of Oakland

3. Kettleman City and the PCB permit renewal application

4. Contamination, health emergency on the Laytonville Rancheria and need to get residents out of harms way

5. EPA malfeasance and lies regarding Evoqua hazardous waste incineration plant operating without proper permits or environmental review for over 26 years on Colorado River Indian Tribes reservation

6. Concerns regarding EPA Administrator's pro-polluter agenda that threatens public health and our environment
